DIGITS / INDICATORS

Digits representing the Total Runs (Guest and Home Scores) are 24 inches tall. All other digits are 18 inches tall. Indicators are 4 inches in diameter. Digits, ETN characters, and indicators are formed from matrices of super-bright, long-lasting, energy-efficient LEDs (Light Emitting Diodes). Choose either amber or red LEDs for all outdoor products. Our LED assemblies are protected by aluminum masks which allow the hard epoxy shells of the LEDs to be exposed for maximum viewing angles.
